1. About 10 km east of Khashuri (Mikhailovo - 42-01N, 43-34E), about 75 meters west of the highway and about 200 meters from a sugar refinery, is a 600-square-meter area which is guarded and surrounded by a barbed wire fence. Within the area, which appears to be an ammunition dump, source observed a great number of ammunition cases of all types, including empty 75mm ammunition boxes which were lying around in the open behind the barbed wire. Underground ammunition dugouts were observed but source does not know what was in them.
2. The Soviet Air Force is building a new airfield in the vicinity of Khashuri.
